

An experienced hands on senior designer, I have conceived and produced a wide range of material including sales promotion, package design, print advertising, direct mail response, corporate literature, P.O.P. displays, logo design, new business presentations and web design.

My expertise lies primarily with the Creative Suite graphics software; Adobe Illustrator, Photoshop and InDesign.

An accomplished layout artist, I distinguish myself in the ability to conceptualize, and effectively execute projects in a timely and professional manner.
